### Introducción

ENGLISH I  
DIANA MENDOZA

#### INICIO

The main objective of the virtual English I course is to promote open real-context situations where students can express themselves using vocabulary and expressions related to basic needs.

Students will learn how to handle short social exchanges when giving personal information, making descriptions about his/her immediate contexts and talking about daily routines, and activities. Some media resources and online tools will be included to enhance the language acquisition process.

By the end of the course, students will be able to:

- participate in short conversations using elementary vocabulary about familiar topics.
- get simple information about ideas and/or opinions.
- associate information and expressions related to people, objects, time, dates, and places.
