Next Steps:

- Review the **required documents** for where you studied. Include your WES reference number with your academic documents to ensure that your documents are

attached to your application. We will review your credentials once all your required documents are received.

- All applications that remain incomplete 180 days after the payment date of the original application will be deemed "inactive." No refunds or credits will be issued once the application is deemed inactive. A fee will be required to reactivate an inactive application. Read more about deactivation and reactivation of applications in [our Terms and Conditions](#).
- Read status updates carefully. You will receive status updates via email and [My Account](#), an easy-to-use online tracking system where you can check the status of your application at any time. You can also download the WES mobile app on [Google Play](#) or the [Apple App Store](#).

In most cases, delays can be avoided by carefully following instructions, reviewing your [Required Documents](#), and visiting the [Help Center](#) if you're unsure about what to do next.
